

Announcing

The founding of a new organization devoted to
Biosolids Management

Mid Atlantic Biosolids Association

MISSION: To cooperatively foster public understanding and environmentally sound management of biosolids

VISION: The MABA is a solution oriented organization, providing technically sound information, leadership, and coordination in the field of biosolids management. The MABA advances environmental stewardship through the practical utilization of a valuable resource and furthers the inclusion of biosolids use in the recycling ethic.

The MABA Offers:

Technical Information for Sound Recycling Programs
Collaborative Support of University Research
Promotion of High Standards within the Industry
Opportunities for Networking and Sharing with Colleagues
Outreach to Environmental Profession, Media and Public

For information on membership:
